# **SITUATION SUMMARY**

## **Weather of Concern**

The National Weather Service is predicting with high confidence a very windy period across the region through this evening. Prolonged strong southerly wind with peak gusts of 60 mph and greater are anticipated in the valleys, with gusts up to 120 mph possible in the mountains. A period of heavy snow in the Sierra's can be expected, with 1-3 feet forecast above 6,000 feet. At 4,500-7,000 feet the transition from rain to snow should be rather sudden, sometime between 1500 hours and 2100 hours 12/11/14, resulting in several inches of snowfall. The lower valleys across the region are expected to see substantial rainfall below 5,500 feet. Valley areas can expect 2 – 4" of rain and the foothills and mountains will see 5 – 10". Heavy rain through this afternoon will cause rapid river rises and flooding in poor drainage areas. Burn scars will be the most susceptible to flash flooding and debris flows.

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:**

#### **Eureka Weather:**

Scattered showers will continue as the upper level trough gradually moves over the area. Saturday and Sunday will see drier weather before another rain producing system moves into the area late Sunday through Monday.

#### **San Francisco Weather:**

Showers and isolated thunderstorms continue today and end this evening. Dry weather Saturday through Sunday afternoon as high pressure builds. Next storm arrives Sunday night into Monday with moderate amounts of rain. Shower chances continue Tuesday and Wednesday next week as subsequent weather systems move into northern California, all looking light to moderate in strength.

### **CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY**

#### **Sacramento Weather:**

The Pacific storm continues to move into the Sierra today with showers and possible thunderstorms over most of northern California. Several inches of new snow will accumulate over the Sierra today. A mainly dry weekend is expected with some valley fog. The next chance of precipitation is early next week as a weaker frontal system moves inland with showers continuing through mid-week.

#### **Hanford Weather:**

A strong storm system will continue moving across Central California bringing wind, rain, and mountain snow. High pressure ridging will return this weekend. However, another storm will move in on Monday.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

A strong frontal system will bring significant rainfall and windy conditions to Los Angeles County this morning. Numerous showers and isolated thunderstorms with snow levels falling to 5000 feet will occur for the rest of the day and early evening. There will be a lull in the stormy weather over the weekend and then a series of storms will bring wet and unsettled weather for the first half of next week.

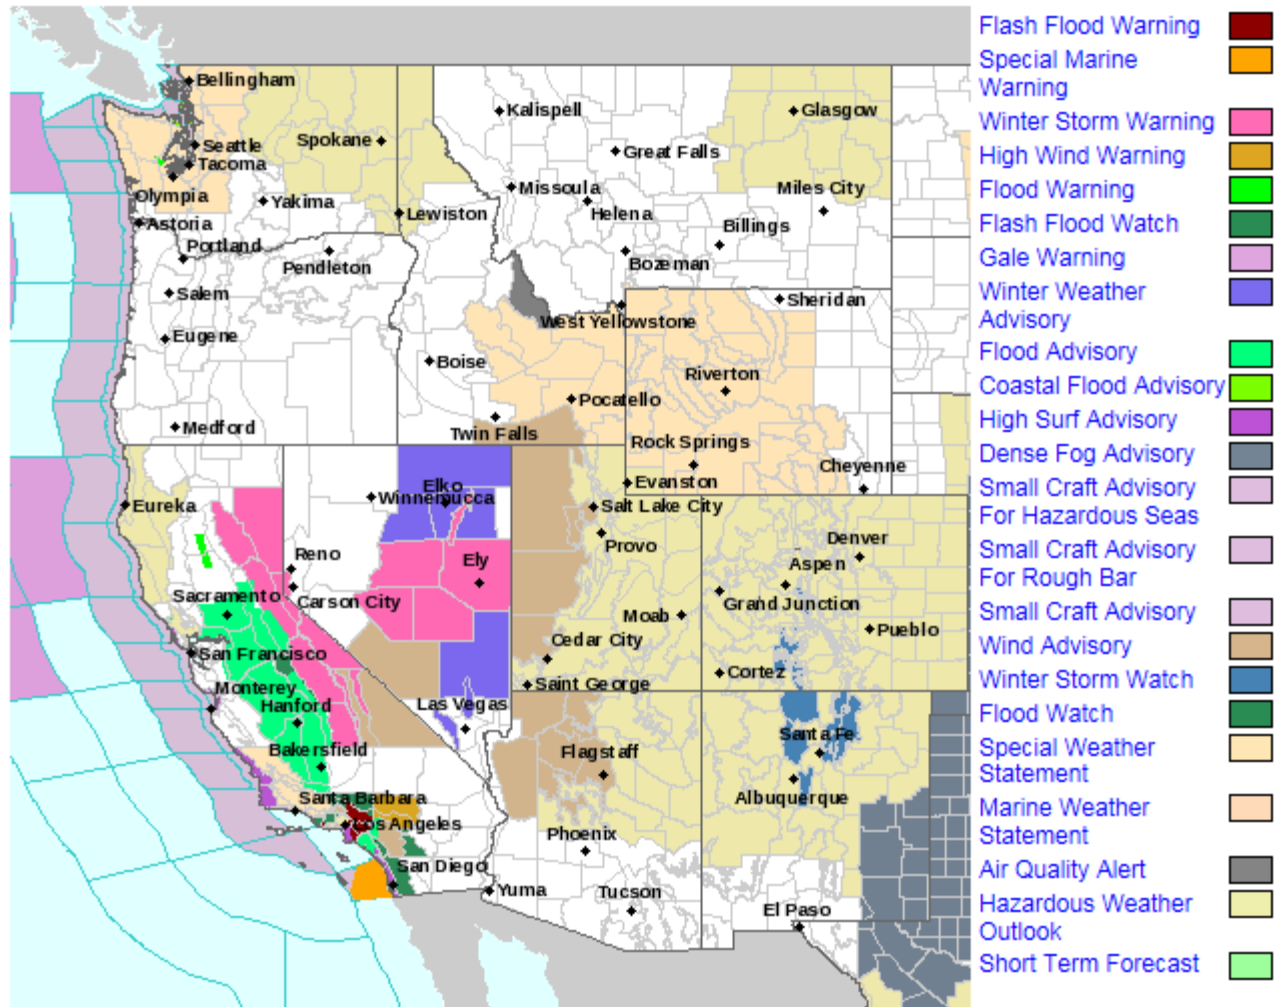

#### **Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

A strong storm system will bring gusty winds and rain today with a period of heavy rain likely this morning. Scattered showers will continue tonight before ending early Saturday. Several inches of snow will accumulate in the higher elevations of the San Bernardino County Mountains. Dry conditions with seasonal weather are expected for late Saturday through Monday. A series of troughs will bring periods of rain Monday night into Wednesday possibly into Thursday.

#### **Southeast California Weather:**

A strong Pacific storm will bring gusty winds as well as widespread rain and mountain snow. Conditions will begin to improve Saturday before dry conditions resume Sunday into Monday. Another storm system brings a renewed chance for rain and mountain snow on Tuesday into Wednesday. Temperatures will be near to slightly below average into next week.

## **Boles Incident Vegetation Fire- City of Weed, Siskiyou County**

### **Recovery Activities**

#### Public Assistance

- On 10/06/14, the Governor issued Executive Order (EO) B-27-14, which provides CDAA, and debris removal assistance, including the suspension of rules and regulations impacting debris removal. The EO also provides the ability for nonprofit organizations to seek reimbursement for extraordinary activities through the State Private Nonprofit Organizations Assistance Program. As of 12/05/14, all debris removal operations are complete.
- On 10/28/14, the City of Weed reestablished water pressure to its downtown area; however, the water storage capacity for fire suppression is still lacking. The City expects water storage to be restored by 12/31/14, or sooner if the weather permits.
- Individual Assistance
- On 10/01/14, the U.S. Small Business Administration (SBA) approved a disaster declaration making SBA assistance available in the primary County of Siskiyou and the contiguous counties of Del Norte, Humboldt, Modoc, Shasta, and Trinity, making low-interest federal disaster loans available to homeowners, renters, businesses of all sizes and private nonprofit organizations whose property was damaged or destroyed by the Boles Fire. The application deadline for property damage was 12/01/14. The deadline to return economic injury applications is 07/01/15.
- The Cal OES VAL continues to coordinate and participate in Long Term Recovery Group (LTRG) meetings with NGO, Faith Based, and local agencies. Shasta Community Foundation was identified as a fiscal agent for the group. Individuals needing assistance should be directed to the Family & Community Resource Center of Weed located at 260 Main Street, Weed. Funding organizations will assist with unmet needs through the case management process. The VAL continues to work with the Weed LTRG in identifying resources and gaps in services.
- The College of the Siskiyou's website contains a Fire Resource List of various local agencies offering goods and services. The document can be found at <http://www.siskiyou.edu/humanresources/documents/fireresourcelist.pdf>. Additional information on recovery efforts can be found at <https://weed.recovers.org/>.
- Non-perishable food donations are being accepted at 310 Boles Street.

# RECOVERY ACTIVITIES

## Magnitude 6.0 Earthquake, American Canyon, Napa County

- Cal OES and FEMA announced that the Major Disaster declaration for the South Napa earthquake will also include the Individuals and Households Program under the Stafford Act. This amendment makes assistance available to help homeowners and renters recover from the earthquake.
- As a result of President Obama's major disaster declaration, the U.S. Small Business Administration declared Napa and Solano counties, making residents and business owners eligible to apply for low-interest physical loss disaster loans. This declaration also made available low-interest Economic Injury Disaster Loans (EIDL) for businesses to apply in the primary counties of Napa and Solano, as well as the contiguous counties of Contra Costa, Lake, Sacramento, Sonoma, and Yolo.

## **Recovery Activities**

### Public Assistance

- RPA: 62 RPAs were received and 10 have withdrawn for a total of 52 RPAs submitted to FEMA.
- Kickoff Meeting: 49 Kickoff Meetings have been completed; leaving 2 remaining to be scheduled once through FEMA's review queue. It is currently anticipated all kickoff meetings will be complete by 12/17/2014.
- PW: 250 PWs are anticipated to be written as a result of the Napa Earthquake. Currently, 75 PWs are drafted, 23 PWs have been entered into the federal database system, 13 of which have been obligated.

### Individual Assistance

- The FEMA and State VAL continue to work with nonprofit organizations in Napa County regarding Long Term Recovery efforts.
- Cal OES IA Voluntary Agency Liaison (VAL) continues NGO coordination in Solano County. The Vallejo Earthquake Recovery Group (VERG), a long term recovery group, has formed and has established by-laws and elected an Executive Board.
